Introductory Act to the Insolvency Code of 5 October 1994 (Federal Law Gazette I, p. 2911), as last amended by Article 36 of the Act of 10 August 2021 (Federal Law Gazette I, p. 3436)

Part 3

International insolvency law. Transitional and concluding provisions

Article 102

Implementation of Council Regulation (EC) No 1346/2000 on insolvency proceedings

Section 1

Local jurisdiction

(1) If, in insolvency proceedings, the German courts have international jurisdiction pursuant to Article 3 (1) of Council Regulation (EC) No 1346/2000 of 29 May 2000 on insolvency proceedings (OJ L 160, 30.6.2000, p. 1) without a domestic venue existing under section 3 of the Insolvency Code (*Insolvenzordnung*), then the insolvency court in whose district the centre of a debtor's main interests is situated has exclusive jurisdiction.

(2) If the German courts have jurisdiction pursuant to Article 3 (2) of Regulation (EC) No 1346/2000, then the insolvency court in whose district the debtor's registered office is situated has exclusive jurisdiction. Section 3 (2) of the Insolvency Code applies accordingly.

(3) Irrespective of jurisdiction as set out in subsections (1) and (2), each domestic insolvency court has jurisdiction for judgments or other measures pursuant to Regulation (EC) No 1346/2000 in whose district assets belonging to the debtor are located. The governments of the *Länder* are empowered, for the purposes of expedient furtherance or expedited conduct of proceedings, to allocate the judgments or measures pursuant to Regulation (EC) No 1346/2000 for the districts of several insolvency courts to one of these by statutory instrument. The governments of the *Länder* may delegate such power to the judicial administrations of the *Länder*.

Section 2

Reasoning for order opening insolvency proceedings

If it is to be presumed that assets belonging to the debtor are located in another Member State of the European Union, the order opening the insolvency proceedings is, as a rule, to describe in brief the actual findings and legal considerations on the basis of which jurisdiction pursuant to Article 3 of Regulation (EC) No 1346/2000 is established for the German courts.

Section 3

Avoidance of conflicts of jurisdiction

(1) If the court of another Member State of the European Union has opened main insolvency proceedings, then as long as these insolvency proceedings are pending a request to open such proceedings before a domestic insolvency court regarding the assets belonging to the insolvency estate is inadmissible. Proceedings opened contrary to sentence 1 may not be continued. The administrator in the foreign main insolvency proceedings is also entitled to bring a complaint against the opening of the domestic proceedings.

(2) If the court of another Member State of the European Union has refused to open insolvency proceedings because it claims that the German courts have jurisdiction pursuant to Article 3 (1) of Regulation (EC) No 1346/2000, then a German insolvency court may not refuse to open the insolvency proceedings because the courts of another Member State are alleged to have jurisdiction.

Section 4

Discontinuation of insolvency proceedings in favour of courts of another Member State

(1) If, in accordance with section 3 (1), the insolvency court may not continue insolvency proceedings which have already been opened, it discontinues the proceedings ex officio in favour of the courts of the other Member State of the European Union. Prior to discontinuation, the insolvency court is, as a rule, to hear the insolvency administrator, the creditors' committee, if one has been appointed, and the debtor. If the insolvency proceedings are discontinued, each creditor in the insolvency proceedings is entitled to complain.

(2) Effects of the insolvency proceedings which already arose prior to discontinuation of the proceedings and are not restricted to the duration of these proceedings also continue if they contradict effects of insolvency proceedings opened in another Member State of the European Union which relate to domestic territory pursuant to Regulation (EC) No 1346/2000. This also applies to transactions which have been effected during the discontinued proceedings by the insolvency administrator or towards the insolvency administrator in the exercise of his or her office.

(3) Prior to discontinuation in accordance with subsection (1), the insolvency court is required to inform the court of the other Member State of the European Union at which the proceedings are pending of the imminent discontinuation; in doing so, it is, as a rule, to be stated how the opening of the proceedings which are to be discontinued was announced, in what public books and registers the opening was entered and the name of the insolvency administrator. Reference is to be made in the discontinuation order to the court of the other Member State in whose favour the proceedings are discontinued. This court is to be provided with a copy of the discontinuation order. Section 215 (2) of the Insolvency Code does not apply.

Section 5

Publication

(1) The request for publication of the essential content of the judgments referred to in Article 21 (1) of Regulation (EC) No 1346/2000 is to be addressed to the court with jurisdiction under section 1. The court may require a translation, which is to be certified by a person authorised to do so in one of the Member States of the European Union. Section 9 (1) and (2) and section 30 (1) of the Insolvency Code apply accordingly.

(2) If the debtor has a registered office on domestic territory, publication is effected ex officio in accordance with subsection (1). If the opening of the insolvency proceedings has been published, then termination is to be published in the same manner.

Section 6

Entry in public books and registers

(1) The request for entry in accordance with Article 22 of Regulation (EC) No 1346/2000 is to be addressed to the court with jurisdiction under section 1. The latter requests the agency keeping the register to make an entry if the opening of the proceedings is also entered in accordance with the law of the state in which the main insolvency proceedings were opened. Section 32 (2) sentence 2 of the Insolvency Code does not apply.

(2) The form and content of the entry are governed by German law. If the law of the state in which proceedings were opened provides for entries which are unknown to German law, the insolvency court is required to select an entry which comes closest to that of the state in which proceedings were opened.

(3) If the request referred to in subsection (1) or in section 5 (1) is received by a court which lacks jurisdiction, the latter forwards the application without delay to the court which has jurisdiction and informs the person filing the request thereof.

Section 7

Appeal

An immediate appeal is admissible against the judgment of the insolvency court as referred to in section 5 or section 6. Sections 574 to 577 of the Code of Civil Procedure (*Zivilprozessordnung*) apply accordingly.

Section 8

Enforcement of decision to open proceedings

(1) If the administrator of main insolvency proceedings is empowered, in accordance with the law of the state in which proceedings were opened, on the basis of the decision to open proceedings to implement by means of enforcement surrender of the assets in the keeping of the debtor, then Article 25 (1) first subparagraph of Regulation (EC) No 1346/2000 applies to the declaration of enforceability on domestic territory. Sentence 1 applies accordingly to the disposal of objects from the insolvency estate by means of coercive enforcement.

(2) Section 6 (3) applies accordingly.

Section 9

Insolvency plan

If an insolvency plan provides for the suspension, waiver or other restrictions of the creditors' rights, it may only be confirmed by the insolvency court if all the creditors concerned have agreed to the plan.

Section 10

Suspension of disposal

If, upon the request of the administrator in the main insolvency proceedings under Article 33 of Regulation (EC) No 1346/2000 in secondary domestic insolvency proceedings, the liquidation of an article is stayed in which there is a special right, then the creditor is to continue to be paid the interest owed from the insolvency estate.

Section 11

Notification of creditors

In addition to the order opening the insolvency proceedings, those creditors who have their habitual residence, domicile or registered office in another Member State of the European Union are to be informed of the consequences of the subsequent filing of claims in accordance with section 177 of the Insolvency Code. Section 8 of the Insolvency Code applies accordingly.

Article 102a

Insolvency administrators from other Member States of European Union

Nationals of another Member State of the European Union or of Contracting Parties to the Agreement on the European Economic Area and persons who have their registered business establishment in one of these states may complete the procedure for inclusion in a preselection list for insolvency administrators kept by the insolvency court via a single office

under the provisions of the Administrative Procedure Act (*Verwaltungsverfahrensgesetz*). In such cases a decision regarding requests for inclusion in a preselection list must be taken within three months. Section 42a (2) sentences 2 to 4 of the Administrative Procedure Act applies accordingly.

Article 102b
Implementation of Regulation (EU) No 648/2012

Section 1
Provisions on default procedures of central counterparties

- (1) The opening of insolvency proceedings poses no obstacle to
1. implementation of measures required under Article 48 (2), (4) and (5) sentence 3, and (6) sentence 3 of Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories (OJ L 201, 27.7.2012, p. 1) concerning the administration, closing out and other clearing of client positions and proprietary trading positions of the clearing member;
 2. implementation of measures required under Article 48 (4) to (6) of Regulation (EU) No 648/2012 concerning the transfer of client positions;
 3. the use and return of collateral under Article 48 (7) of Regulation (EU) No 648/2012.
- (2) Subsection (1) applies accordingly to the ordering of preservation measures under section 21 of the Insolvency Code.

Section 2
Non-contestability

The measures permissible in accordance with section 1 are not subject to voidability in insolvency proceedings.

Article 102c
Implementation of Regulation (EU) 2015/848 on insolvency proceedings

Part 1
General provisions

Section 1
Local jurisdiction; authorisation to issue statutory instruments

- (1) If the German courts have international jurisdiction in insolvency proceedings pursuant to Article 3 (1) of Regulation (EU) 2015/848 of the European Parliament and of the Council of 20 May 2015 on insolvency proceedings (OJ L 141, 5.6.2015, p. 19; L 349, 21.12.2016, p. 6), as last amended by Regulation (EU) 2017/353 (OJ L 57, 3.3.2017, p. 19), without jurisdiction having been established pursuant to section 3 of the Insolvency Code, then the insolvency court in whose district the debtor's centre of main interests is located has exclusive local jurisdiction.
- (2) If the German courts have jurisdiction pursuant to Article 3 (2) of Regulation (EU) 2015/848, then the insolvency court in whose district the debtor's establishment is located has exclusive local jurisdiction. Section 3 (2) of the Insolvency Code applies accordingly.
- (3) Notwithstanding the jurisdictions established under this Article, any insolvency court in whose district the debtor's assets are located has local jurisdiction in respect of decisions or other measures taken under Regulation (EU) 2015/848. The governments of the *Länder* are empowered, for the purposes of expedient furtherance or expedited conduct of proceedings under Regulation (EU) 2015/848, to designate by statutory instrument one court to conduct such proceedings for the districts of several insolvency courts. The governments of the *Länder* may delegate such power to the judicial administrations of the *Länder*.

Section 2

Avoidance of conflicts of jurisdiction

(1) Where the court of another Member State of the European Union has opened main insolvency proceedings, a request filed with a German insolvency court to open such proceedings against assets which form part of the insolvency estate is not permissible while these insolvency proceedings are still pending. Proceedings opened in contravention of sentence 1 are to be continued as secondary insolvency proceedings pursuant to Articles 34 to 52 of Regulation (EU) 2015/848 if German courts have jurisdiction pursuant to Article 3 (2) of Regulation (EU) 2015/848; where the conditions for continuation are not met, the proceedings are to be terminated.

(2) Where the court of a Member State of the European Union has refused to open insolvency proceedings because it believes that the German courts have jurisdiction pursuant to Article 3 (1) of Regulation (EU) 2015/848, a German insolvency court may not refuse to open the insolvency proceedings citing that the courts of the other Member State have jurisdiction.

Section 3

Termination of insolvency proceedings in favour of another Member State

(1) Before terminating previously opened insolvency proceedings in accordance with section 2 (1) sentence 2, the insolvency court is, as a rule, to hear the insolvency administrator, the creditors' committee, if one has been appointed, and the debtor. If the insolvency proceedings are terminated, each insolvency creditor is entitled to appeal.

(2) Any effects of the insolvency proceedings which already arose before their termination and which are not limited to the duration of the proceedings continue even if they contradict the effects of insolvency proceedings which have been opened in another Member State of the European Union and which extend to the Federal Republic of Germany pursuant to Regulation (EU) 2015/848. This also applies to acts performed by the insolvency administrator in the course of the terminated proceedings or to acts which were performed vis-à-vis that insolvency administrator in the exercise of his or her office.

(3) Before terminating the proceedings in accordance with section 2 (1) sentence 2, the insolvency court is required to notify the court in the other Member State of the European Union before which the proceedings are pending and the insolvency administrator who has been appointed in the other Member State about the impending termination. Such notification must include a reference to the manner in which the opening of the proceedings to be terminated was made known, in which public books and registers the opening was entered, as well as the name of the insolvency administrator. The order to terminate the proceedings must designate the court in the other Member State in whose favour the proceedings are to be terminated. That court is to be sent a copy of the order to terminate the proceedings. Section 215 (2) of the Insolvency Code does not apply.

Section 4

Appeal under Article 5 of Regulation (EU) 2015/848

Notwithstanding section 21 (1) sentence 2 and section 34 of the Insolvency Code, the debtor and each creditor may make an immediate appeal against the order to open the main insolvency proceedings in accordance with Article 3 (1) of Regulation (EU) 2015/848 if the lack of international jurisdiction to open the main insolvency proceedings is to be challenged under Article 5 (1) of Regulation (EU) 2015/848. Sections 574 to 577 of the Code of Civil Procedure apply accordingly, whereby, in accordance with section 6 (3) of the Insolvency Code, the decision on the appeal does not take effect until it is final.

Section 5

Additional information in debtor's request to open proceedings

Where there are indications that another Member State of the European Union might also have international jurisdiction in respect of opening main insolvency proceedings pursuant to

Article 3 (1) of Regulation (EU) 2015/848, the debtor's request to open proceedings must contain the following additional information:

1. since when the debtor's registered office, principle place of business or habitual residence has been at the place referred to in the request,
2. facts substantiating that the debtor conducts the administration of interests in the Federal Republic of Germany on a regular basis,
3. in which other Member States the debtor's creditors or substantial parts of the debtor's assets are located or substantial parts of the debtor's activities are exercised and
4. whether a request to open insolvency proceedings has already been made or main insolvency proceedings have already been opened in another Member State.

Sentence 1 does not apply to motions to be filed in consumer insolvency proceedings under section 305 (1) of the Insolvency Code.

Section 6

Local jurisdiction for actions deriving directly from insolvency proceedings and closely linked with them

(1) Where, in consequence of the opening of insolvency proceedings, the German courts have jurisdiction for actions referred to in Article 6 (1) of Regulation (EU) 2015/848 without local jurisdiction having been established in accordance with other provisions, jurisdiction is determined on the basis of the seat of the insolvency court.

(2) As regards actions referred to in Article 6 (1) of Regulation (EU) 2015/848 which are linked to other actions under civil or commercial law against the same accused pursuant to Article 6 (2) of the Regulation, that court also has local jurisdiction which has jurisdiction for the other actions under civil or commercial law.

Section 7

Publication

(1) The request for publication as referred to in Article 28 (1) of Regulation (EU) 2015/848 is to be made to the court which is competent in accordance with section 1 (2).

(2) The request for publication as referred to in Article 28 (2) of Regulation (EU) 2015/848 is to be made to the insolvency court in whose district the substantial part of the debtor's assets are located. If the debtor has no assets in the Federal Republic of Germany, the request may be made to any insolvency court.

(3) The court may require submission of a translation of the request, which must be certified by a person authorised to do so in one of the Member States of the European Union. Section 9 (1) and (2) and section 30 (1) of the Insolvency Code apply accordingly. If the order to open insolvency proceedings has been published, the order to terminate them must be published *ex officio* in the same manner.

(4) If a court which is not competent in the matter receives a request as referred to in subsection (1), it without delay forwards said request to the competent court and notifies the requesting party thereof.

Section 8

Registration in public books and registers

(1) The request for registration as referred to in Article 29 (1) of Regulation (EU) 2015/848 is to be made to the court which is competent in accordance with section 1 (2). It is, as a rule, to be linked to the request made in accordance with Article 28 (1) of Regulation (EU) 2015/848. The court requests that the agency keeping the register make the entries. Section 32 (2) sentence 2 of the Insolvency Code does not apply.

(2) The request for registration as referred to in Article 29 (2) of Regulation (EU) 2015/848 is to be made to the court which is competent in accordance with section 7 (2). It is, as a rule,

to be linked to the request made in accordance with Article 28 (2) of Regulation (EU) 2015/848.

(3) The form and content of the entry are governed by German law. If the law of the Member State of the European Union in which the insolvency proceedings have been opened does not require those entries which are to be made under German law, the insolvency court is required to select an entry which is closest to that of the Member State in which the proceedings have been opened.

(4) Section 7 (4) applies accordingly.

Section 9

Appeal against decisions under section 7 or section 8

Decisions of the insolvency court taken in accordance with section 7 or section 8 are subject to immediate appeal. Sections 574 to 577 of the Code of Civil Procedure apply accordingly, whereby, in accordance with section 6 (3) of the Insolvency Code, the decision on the appeal does not take effect until it is final.

Section 10

Execution of orders to open insolvency proceedings

If the administrator in main insolvency proceedings is entitled under the law of the Member State of the European Union in which the insolvency proceedings have been opened to surrender items which are in the debtor's possession by way of execution of the order to open insolvency proceedings, then Article 32 (1) first subparagraph of Regulation (EU) 2015/848 applies to execution in the Federal Republic of Germany. Section 16
Stay of process of realisation of assets

Where, upon the request of the administrator in the main insolvency proceedings, the process of realisation of assets is stayed pursuant to Article 46 of Regulation (EU) 2015/848 in secondary insolvency proceedings which have been opened in the Federal Republic of Germany and a right of separate settlement exists in those assets, the creditors are to be paid, on a continuous basis, the interest due on the insolvency estate.

Further, the administrator must indicate that these creditors are to attach those documents when registering their claim which prove that they are local creditors within the meaning of Article 2 no. 11 of Regulation (EU) 2015/848.

Section 18

(1) Subject to sentence 2, the owner of a claim registered to participate in the vote to approve the undertaking continues to hold voting rights even if the administrator in the main insolvency proceedings or another local creditor contests that the claim exists or that it represents the claim of a local creditor. If the result of the vote depends on votes which are attributable to contested claims, the administrator or the contesting local creditor may obtain a decision from the court which is competent as per section 1 (2) in respect of the voting rights conferred by the contested claim or a part thereof; section 77 (2) sentence 2 of the Insolvency Code applies accordingly.
